Summary

- Computer Science Engineering student with hands-on experience developing software applications using Java, Python, JavaScript, React.js, Node.js, Flask, SQL, and MongoDB.
- Experienced in building database-driven applications, backend services, and integrated software solutions through academic projects.
- Strong foundation in software development, problem-solving, and learning new technologies, seeking a Software Engineer role to contribute to reliable and maintainable software products.

Skills

- **Programming Languages:** Python, Java, C, JavaScript, SQL
- **Web Technologies:** HTML5, CSS3, React.js
- **Backend & APIs:** Node.js, Flask
- **Databases:** MySQL, MongoDB
- **Tools:** Git, GitHub, VS Code

Projects

AI-Based Smart Traffic Congestion Optimization

- **Technologies:** Python, OpenCV, YOLOv8, Flask, React.js, TensorFlow Keras, MongoDB
- Developed a traffic management application across 4 roads by integrating YOLOv8 vehicle detection, OpenCV-based traffic analysis, Flask backend services, and a React frontend.
- Implemented an LSTM-based traffic prediction pipeline using records spanning 90 days with TensorFlow.

Accident Alert & Emergency Response System

- **Technologies:** Java, Tesseract, GPS/Geo-tagging, MongoDB, Twilio.
- Automated accident reporting and emergency notifications by integrating number plate OCR, geo-tagging, MongoDB, and Twilio-based SMS alerts.
- Implemented an end-to-end accident management workflow integrating accident image capture, vehicle identification, location processing, database storage, and emergency notification services.

Education

B.E. in Computer Science and Engineering

Shri Madhwa Vadiraja Institute of Technology and Management, Bantakal
CGPA: 7.62 | 2023-Present

12th standard (PCMB)

Vidyodaya PU College, Udupi
88.33% | 2023

10th standard

Vidyodaya Public School, Udupi
90.33% | 2021

Certifications

- AI Literacy – IBM SkillsBuild
- Hands-on workshop on Git and GitHub
- Webworks workshop on HTML, CSS, JavaScript
- Python Essentials 1 – Cisco Netacad

Strengths

- Teamwork and Collaboration
- Good Communication
